

The diagram consists of three rectangular boxes arranged vertically. The top box is connected to a central box by a double-line path that angles downwards from the top box to the central box. The central box is connected to a bottom box by a double-line path that angles downwards from the central box to the bottom box. Each box has a set of horizontal lines next to it for notes: the top box has five lines, the central box has five lines, and the bottom box has five lines. Each box also contains a smaller, empty rectangular box inside it, positioned at the top of the box for the top and bottom boxes, and at the bottom for the central box.
