

A 10x10 grid with a 5x5 grid of squares in the top-left corner and a 5x5 grid of squares in the bottom-right corner. The top-right and bottom-left quadrants are empty.

A 10x10 grid is shown. The top-left 5x5 sub-grid is highlighted in light blue. The rest of the grid is white with black grid lines. A small black triangle is located at the top center of the grid, pointing upwards.

The image shows a blank grid. On the left, there is a 10x10 square grid. To the right of this grid is a larger area, also 10 units high, but its width is not specified. A small triangle is located at the top center of the grid.
